

## The best of African Traditionals, Gospel and Opera

“When I sing, I celebrate.” Nothing describes the euphoric art of the Cape Town Opera Chorus more beautifully than this piece of African wisdom. With music from the soul, **African Angels** has once again raised the roof in opera houses across Europe. When showcasing the best of African tradition, gospel and opera, the powerful voices of the singers awake the beating heart of the African continent. At the turn of the year, audiences in Germany and Switzerland can look forward to concerts with a new programme. Experience **African Angels** – a concert experience as colourful and diverse as South Africa itself.
